3.1 General information

The following rules or advices are valid both for participants and their helping staff as well as visitors. Please keep your team, family and friends informed

3.2 Camping

- a) On the edges of the airfield and in the middle of the camping area exist emergency corridors which must be clear from any obstacles, vehicles, tents etc.
- b) Barbecues are not allowed on the camping site due to fire prevention measures. It is possible to use barbecue equipment as well as the provided tables and seating possibilities in the area between the glider hangar and the showers
- c) For power supply there are several connectors distributed on the camping site. They are equipped with L+N+PE 6h IP44 sockets. In exchange for a 20€ deposit, adapters can be rented at the registration
- d) The charging of electrical vehicles must be arranged with the consent of the competition organizers and is only possible at the junction box at the "guard house".
- e) Charging of aircraft engine batteries needs to be arranged with the consent of the competition organizers.
- f) Drinking water taps are located between the entrance of the main building and the showers, as well as in the second container in the room for dish cleaning and the washing machine
- g) Non-potable water taps can be found at the fence

3.3 Building area

Driving within the fence line is only allowed in specific occasions. Do not exceed the walking speed to prevent endangering children.

3.4 Playground

The playground is not a public playground. Only children until the age of 12 can use it and under supervision of parental authorities. The equipment does not match requirements of similar public playgrounds.

3.5 Food supply

Bakery service: April 26 - May 4, 2024, 7.15 - 8 am every morning on the camping site
Bäckerei Menzel, Großdubrau

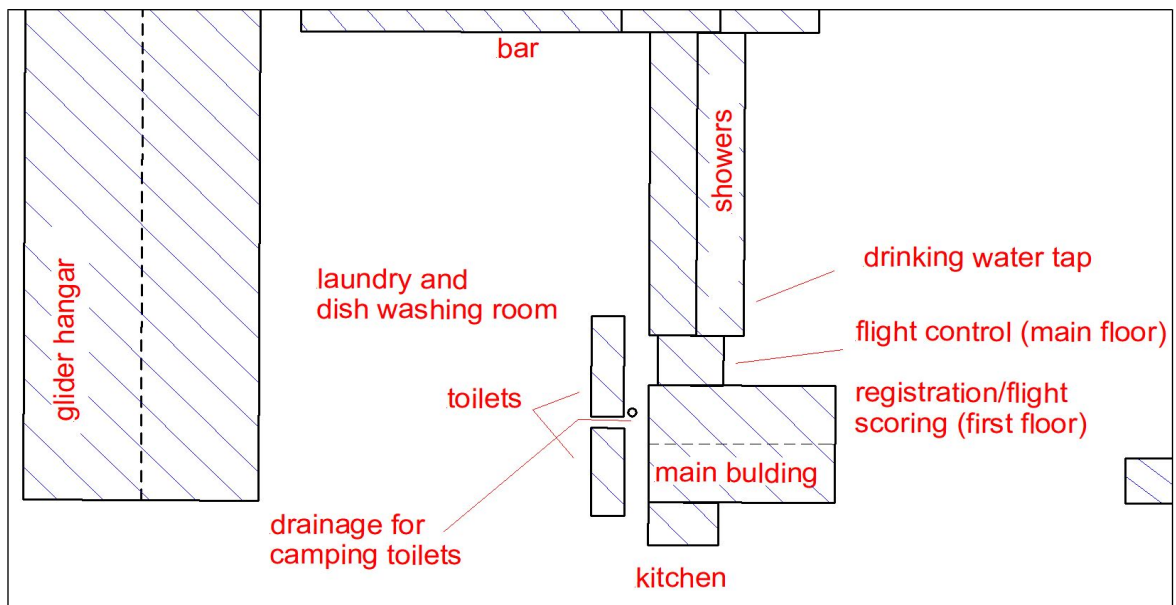

Catering: 10 am to 7 pm every day. Location: Kitchen window, main building
Operator: Heidebistro Commerau

Bar: 6 pm to 12 pm every day, in the bar next to the briefing hangar.
Operated by the club
To reduce cash payments as much as possible, we hand out "bar identification cards" (klixCARD) at the registration. It is possible to use them for transactions at the bar.

3.6 Toilets/ biological sewage plant

The waste water on the airfield will be cleaned in a biological sewage plant. The operating pumps can only process human waste and toilet paper. The disposal of other materials and trash like diapers, fabric, hygiene products will lead to a break down of all the sanitary equipment. It is also prohibited to pour in flammable, aggressive or abrasive liquids.

Between the containers exists a drainage for camping toilets.

3.7 Leisure activities

Offers for regional free time activities can be found at the information wall in the back of the briefing hangar. Apart from the competition itself, the following events will take place:

Apr. 30. 2024, 7 pm "Witch burning" in Särchen

May 1 or 2 2024 7 pm "Half time party"

flexibel (evening talks/presentations e.g. about the museum "Margarethenhütte Großdubrau" or thermal statistics - WeGlide)
